

Bicycle and Motorcycle Parking

Never Leave Bicycles and Motorcycles Unattended

Bicycles and motorcycles should not be left on streets or sidewalks near stations because they impede the safe passage of pedestrians and could hamper emergency response efforts in times of disaster. The City of Setagaya is enforcing an ordinance to reduce the number of bicycles and motorcycles left unattended and has posted signs designating “No-Parking Zones.” All bicycles left in the no-parking zones will be removed immediately.

Items Needed to Retrieve Your Bicycle or Motorcycle:

- Retrieval fee (¥3,000 for bicycles and ¥4,000 for motorcycles; only cash accepted)
- Resident Card or Passport
- Key for your bicycle or motorcycle

Where to Pick Up Your Bicycle If It Has Been Removed (Abandoned Bicycles Storage Site):

The place where you can claim your bicycle depends on the location from which it was removed. For more information, please call the Setagaya City Bicycle Call Center.

Tel: 03-3424-4191

* Bicycles and motorcycles unclaimed within 30 days of removal will be disposed.

* No parking zones are designated on road by signs.
